

## ARTICLE

### Hadex Drinking Water Disinfection - 25 ltr

Number: MEHADEX25

## SPECIFICATIONS

Made in: Netherlands

HS Code: 28289000

## DESCRIPTION

Hadex is an approved, safe, effective and easily applied disinfecting product especially intended for disinfecting drinking water in tanks and piping systems. Hadex prevents the growth of bacteria and algae and the formation of slime

### Dosage:

1 litre Hadex: 50.000 litres normal quality drinking water.

1 litre Hadex: 25.000 litres doubtful quality drinking water.

1 litre Hadex: 5.000 litres water that is suspected to be infected. High dosage should also be applied as an initial treatment for the disinfection of tanks and pipelines after repairs or renewals.
