Life Jacket - Automatic Inflatable - Ultimate Backtow - Yellow/Black - 300N

Number: 3.46.0046

SPECIFICATIONS

Made in: United Kingdom

HS Code: 63072000

DESCRIPTION

Automatic inflatable lifejacket Besto Ultimate 300N Backtow - yellow/black (non-solas)

High-end lifejacket that can measure up with the highest demands in the market.

The lifejacket has been made through 3D design to create the best body fit possible.

The Besto Ultimate 300N Backtow has a well-balanced 300N lung. This makes sure that when you hit the water you turn quickly to a safe position.

Unique patented BackTow Technology.

Turns the user in a sitting position with the front side to the surface when being towed.

This keeps your mouth and lungs free from water.

FEATURES:

- Strong stainless steel interlock buckle for easy fitting
- Frontal side pulls for easy adjusting
- Extra soft inserts for optimal wearing comfort
- Removable leg strap
- Elite duo point indicator mechanism with inspection window to check the status of the lifejacket
- SOLAS light and sprayhood integrated
