## DESCRIPTION

C&P Bearing compass Cassens & Plath

- Directional system 160mm Ø
- 1° division from above and below. Card printing: north below north , Type 21.
- Large 3-digit figures each 10°
- Extra marked cardinal and intercardinal points
- One each lubber mark in ahead and aft direction
- Card division 1°
- Longitudinal gimbal, inserts made of bronze
- Vibration resistant expansion chamber

Reflector-/bearing compasses are to use in combination with compass binnacles. The graduated scale and the center pivot on the top glass allow to take bearings. Azimuth devices are as extra available. Type/21 is to use with REFLECTA/3

Steering compasses Type/21 are same as reflector-/bearing compasses but without graduated scale and centre pivot for taking bearings. These compass types will be used for overhead , desk mounting applications and in combination with the reflector compass binnacles REFLECTA/4 and REFLECTA/5
