

## ARTICLE

### Firemans gloves - Size 9 / Size L - MED/SOLAS

Number: 4.11.0158

## SPECIFICATIONS

Made in: Denmark

HS Code: 40151900

## DESCRIPTION

These gloves are entirely sewn with Kevlar. Leather tubing is visible between all seams to protect the Kevlar, which helps extend the glove's lifespan. The palm features a reinforced leather interior for added durability. A piece of leather is also sewn onto the cuff to provide extra protection for the radial artery.

The gloves are equipped with elastic to ensure a perfect fit.

The Porelle breathable membrane offers excellent breathability while protecting the wearer from water and chemicals. The Kevlar knit lining provides a high level of comfort, and the Kevlar elastic cuff fits snugly around the wrist, offering superior protection to the user.

### Features
