Stretcher Basket Set

Number: MENOO17.6

SPECIFICATIONS

Measurements: 2150 (l) x 650 (w) x 190 (h) mm

Weight: 13,50 kg

Made in: Netherlands

HS Code: 94029000

DESCRIPTION

The Spencer Shell basket stretcher is designed for challenging rescue operations in mines, at heights, and in water. Its robust, flexible structure ensures reliability and safety in emergencies. Made of high-density polyethylene and reinforced with an aluminum frame, it features integrated transport handles and stainless steel grommets for securing harnesses. A removable, waterproof EPDM mattress is included, resistant to blood and water. The stretcher can securely hold a spine board, with uniform thickness and durability, particularly in high-stress areas. It is shatterproof, corrosion-resistant, and ideal for helicopter transport.

Specifications:

- Nylon rope along entire perimeter
- Three 50 mm [1.96 in] nylon belts with quick-release buckles
- Water resistant, closed-cell mattress
- Footrest in pre-formed polyethylene with position regulator
- Length: 2150 mm [84.64 in]
- Width: 650 mm [25.59 in]
- Height: 190 mm [7.48 in]
- Load capacity: 280 kg [617 lbs]
- Weight: 13,5 kg [29 in]
