NV Atlas Nederland NL 1 - Borkum naar Oostende - 2025

Number: 5.15.0280

SPECIFICATIONS

Made in: Germany

HS Code: 49059900

DESCRIPTION

The Dutch NV nautical charts start with the NL1. This chart set connects with the most southern German North Sea chart DE13 and is the ideal chart to get directly to the United Kingdom or to cross the English Channel on the French side. Wind farms, oil platforms and the traffic separation areas are clearly marked on this set of charts. Important harbour approaches such as Borkum, Terschelling, Vlissingen, IJmuiden / Amsterdam and Oostende are also listed, so that in bad weather conditions there is the option to get into a nearby harbour for protection. Apart from that the NL1 is a set of charts that is ideal for transfers and rapid transit. Thanks to the clear structure of the nautical chart, the skipper can quickly find approaches, harbours and anchorages and is informed of important navigational details that also appear in the NV Charts app. The tide data and current information are also available in the app. The chart series impresses with its detailed scales and optimal sheet cuts. This chart set contains: 4 Passage Charts 13 Coastal Charts 13 Detailed charts Code for the nv charts app Digital charts & navigation program 365 days licence Current data in the digital charts Tidal calendar Harbour plans paper & Digital Navigation information in German and Dutch Update - Update The chart sets for the Netherlands are published annually in updated editions. For the digital nautical charts updates are made available as downloads at the beginning of the season. Up-to-date nautical charts are the basis of safe navigation. NV Charts offers a monthly updating service for its North Sea charts from April to October. This ensures that your charts are always up to date. NV Atlas chart format NV Charts nautical charts are available in an outstandingly practical, handy atlas booklet format and thus offer many advantages over formats from other manufacturers. The nautical chart series have been designed by nautical experts and passionate water sports enthusiasts with the needs of recreational boating in mind. The NV Atlas has a very flat staple binding in the middle, so that the course triangle can also be used there without any problems. This innovative development makes it possible to look up charts quickly and always have them in the best possible order at the same scale. The NV Atlas is delivered in a plastic cover protected against splash water. This modern nautical chart format is very popular on sailing boats as well as on motor yachts and is the preferred choice of many of our customers.
