NV Atlas Nederland NL 3 - IJsselmeer en Randmeren - 2025

Number: 5.15.0290

SPECIFICATIONS

Made in: Germany

HS Code: 49059900

DESCRIPTION

For a trip through the popular sailing area of the IJsselmeer is the NL3 the right choice. Once you have passed one of the lock gates, nothing stands in the way of an eventful trip. The IJsselmeer does not have strong tides like other Dutch areas (for example Waddenzee), but strong winds are still to be expected. In addition, attention should be paid to the numerous fishing nets in the IJsselmeer. The region is characterized by charming little fishing villages, historical coastal towns and old towns, long sandy beaches and many sheep on the green dykes. There is also no shortage of harbours in the IJsselmeer, some places offer several ones. The larger harbours of Lemmer, Lelystad, Enkhuizen, Hindeloopen and the northern part of Amsterdam in particular offer many opportunities for stopovers. In general, a detour to the capital with its numerous canals is highly recommended! Thanks to the clear structure of the nautical chart, the skipper can quickly find approaches, harbours and anchorages and is informed of important navigational details that also appear in the NV Charts app. The tide data and current information are also available in the app. The map series impresses with its detailed scales and optimal sheet cuts. This chart set contains 11 Passage Charts 11 Coastal Charts 42 detailed charts Code for App Digital charts & navigation program 365 days licence Current data in the digital charts Tidal calendar Paper harbour plans & Digital Meets legal requirements for up-to-date paper charts on board Update - Update The chart sets for the Netherlands are published annually in updated editions. For the digital nautical charts updates are made available as downloads at the beginning of the season. Up-to-date nautical charts are the basis of safe navigation. NV Charts offers a monthly updating service for its North Sea charts from April to October. So that your charts are always up to date. NV Atlas chart format NV Charts nautical charts are available in an outstandingly practical, handy atlas booklet format and thus offer many advantages over formats from other manufacturers. The nautical chart series have been designed by nautical experts and passionate water sports enthusiasts with the needs of recreational boating in mind. The NV Atlas has a very flat staple binding in the middle, so that the course triangle can also be used there without any problems. This innovative development makes it possible to look up charts quickly and always have them in the best possible order at the same scale. The NV Atlas is delivered in a plastic cover protected against splash water. This modern nautical chart format is very popular on sailing boats as well as on motor yachts and is the preferred choice of many of our customers.
