DESCRIPTION

For all those who like to save and whose district is called the German and Danish Baltic Sea. With the Baltic Sea Case Series 1-4 our single map sets are offered to you at a special price of 198.00 EUR. That means you get one series for free. With the case you can concentrate on our most beautiful places on the Baltic Sea for the whole season and have the opportunity to venture into areas you don't even know yet. The cruise from west to east or vice versa can begin. The handy recreational boat charts are a chart series specially designed for recreational boating. Charts for the Baltic Sea sea area include nautical charts in various scales as well as all harbour plans and details for approaches and passages in the waters. In addition clearance heights for bridges power lines etc. as well as all nautical and navigational information are included. Thanks to the clear structure the recreational skipper can quickly find approaches harbours and anchorages and is pointed to navigationally important details that also appear in the NV Charts app. The chart series impresses with its detailed scales and optimal sheet sections. The Baltic Sea case includes 20 Passage Charts 42 Coastal Charts & detailed charts nautical charts app and navigation software 365 days licence The Sätze 1-4 in a practical case new: Vector charts download Harbour pilot in paper / digital in German and English Navigation instructions in German Meets legal requirement for up-to-date paper charts on board pleasure boats NV Atlas chart format NV Charts nautical charts are available in an outstandingly practical, handy atlas booklet format and thus offer many advantages over formats from other manufacturers. The nautical chart series have been designed by nautical experts and passionate water sports enthusiasts with the needs of recreational boating in mind. The NV Atlas has a very flat staple binding in the middle, so that the course triangle can also be used there without any problems. This innovative development makes it possible to look up charts quickly and always have them in the best possible order at the same scale. The NV Atlas is delivered in a plastic cover protected against splash water. This modern nautical chart format is very popular on sailing boats as well as on motor yachts and is the preferred choice of many of our customers.
