DESCRIPTION

Available again by the end of June!
Whoever wants to save money and still be optimally equipped to travel from the Bay of Kiel to the Norwegian border is very well equipped with the Kattegat case . Instead of the series 4 (Rügen) the Kattegat case contains the two map sets 5.2 and 5.1 in order to reach the Swedish west coast as far as the Norwegian border in the direction of Oslofjord. The purchase of this case also offers a significant price advantage over the purchase of the individual charts. The handy recreational boat charts are a set of charts specially designed for recreational boating. Charts for the Kattegat sea area include nautical charts in various scales as well as all harbour plans and details for approaches and passages in the waters. In addition clearance heights for bridges power lines etc. as well as all nautical and navigational details are included. Thanks to the clear structure the recreational skipper can quickly find approaches harbours and anchorages and is pointed to navigationally important details that also appear in the NV Charts app. The chart series impresses with its detailed scales and optimal sheet sections. The Kattegat case includes 18 oversailers 56 district charts & detailed charts nv charts app and navigation software 365 days licencenew: Vector charts download Harbour Pilot in paper / digital in German and English Navigation instructions in German Meets legal requirement for up-to-date paper charts on board pleasure boats NV Atlas chart format NV Charts nautical charts are available in an outstandingly practical, handy atlas booklet format and thus offer many advantages over formats from other manufacturers. The nautical chart series have been designed by nautical experts and passionate water sports enthusiasts with the needs of recreational boating in mind. The NV Atlas has a very flat staple binding in the middle, so that the course triangle can also be used there without any problems. This innovative development makes it possible to look up charts quickly and always have them in the best possible order at the same scale. The NV Atlas is delivered in a plastic cover protected against splash water. This modern nautical chart format is very popular on sailing boats as well as on motor yachts and is the preferred choice of many of our customers.
