## DESCRIPTION

The NV Atlas Series 1 accompanies you from the Bay of Kiel via the Eckernförde Bay directly into the Schlei with its beautiful little harbours and protected anchorages as far as the Danish South Seas and around Fyn. For many, the Schlei and the Kiel Fjord are a starting point for a relaxing day trip to the Danish South Seas with its small islands and dreamy harbours. The Flensburg Fjord with the ox islands and Alssund are among the destinations that round off this breathtaking landscape. Many water sports enthusiasts are drawn to the harbours and anchor bays around Funen not only for the summer cruise. The handy sports boat charts are a set of charts specially designed for recreational boating. Charts for the sea area around Funen & Bay of Kiel include the nautical charts in various scales as well as all harbour plans and details for approaches and passages in the waters. In addition clearance heights for bridges power lines etc. as well as all nautical and navigational details are included. Thanks to the clear structure the recreational skipper can quickly find approaches harbours and anchorages and is pointed to navigationally important details that also appear in the NV Charts app. The chart series impresses with its detailed scales and optimal sheet sections. The chart set includes 3 Passage Charts 18 Coastal Charts 9 detailed charts including Schlei to Schleswig and Kiel Canal. The NV charts app and navigation software 365 days licence new: Vector charts download Harbour pilot in paper / digital in German and English Navigation instructions in German Meets legal requirement for up-to-date paper charts on board of Pleasure craft NV Atlas chart format NV Charts nautical charts are available in an outstandingly practical, handy atlas booklet format and thus offer many advantages over formats from other manufacturers. The nautical chart series have been designed by nautical experts and passionate water sports enthusiasts with the needs of recreational boating in mind. The NV Atlas has a very flat staple binding in the middle, so that the course triangle can also be used there without any problems. This innovative development makes it possible to look up charts quickly and always have them in the best possible order at the same scale. The NV Atlas is delivered in a plastic cover protected against splash water. This modern nautical chart format is very popular on sailing boats as well as on motor yachts and is the preferred choice of many of our customers.
