## DESCRIPTION

The NV Atlas Series 2 accompanies you from the Bay of Lübeck along the Mecklenburg coast, cutting into Rügen, to Bornholm. From there it goes via southern Sweden to Malmö and Copenhagen southeast via Moen, Falster and Lolland to Fehmarn back to the starting point. Wonderful trips are guaranteed with this chart series. Series 2 is suitable for those water sports enthusiasts who feel at home on the Baltic Sea and who want to get to know our delightful Baltic Sea with trips to Denmark and Sweden. The handy recreational boat charts are a set of charts specially designed for recreational boating. Charts for the Lübeck Bay - Bornholm sea area include nautical charts in various scales as well as all port plans and details for approaches and passages in the waters. In addition clearance heights for bridges power lines etc. as well as all nautical and navigational information are included. Thanks to the clear structure the skipper can quickly find accesses harbours and anchorages and is pointed to navigationally important details that also appear in the nv charts app. The chart series impresses with its optimal scales and balanced page cuts. This chart set includes 9 Passage Charts 8 Coastal Charts 15 detail charts Code for nv charts App 365 days licence new: Vector charts download nv charts app and navigation software Harbour Pilot in paper/digital in German and English Navigation instructions in German Meets legal requirements for up-to-date paper charts on board NV Atlas chart format NV Charts nautical charts are available in an outstandingly practical, handy atlas booklet format and thus offer many advantages over formats from other manufacturers. The nautical chart series have been designed by nautical experts and passionate water sports enthusiasts with the needs of recreational boating in mind. The NV Atlas has a very flat staple binding in the middle, so that the course triangle can also be used there without any problems. This innovative development makes it possible to look up charts quickly and always have them in the best possible order at the same scale. The NV Atlas is delivered in a plastic cover protected against splash water. This modern nautical chart format is very popular on sailing boats as well as on motor yachts and is the preferred choice of many of our customers.
