### NV Atlas Serie 9 - Hirtshals to Esbjerg & Limfjord

Number: 5.15.0345

## SPECIFICATIONS

Made in: Germany

HS Code: 49059900

## DESCRIPTION

The Danish west coast and the Limfjord are among the most popular holiday regions in the Scandinavian country. The coast is known for its endless, fine sandy beaches. The Limfjord is an elongated sound that connects the North Sea with the Kattegat. The shore is lined with white cliffs, beautiful landscapes and small towns such as Aalborg, Lemvig or Skive. Numerous marinas offer berths and solid infrastructure for travelers. With the charts of the NV Atlas Series 9 you create a safe basis for your journey through the entire area of the Danish west coast and the Limfjord. The Hirtshals to Esbjerg & Limfjord is delivered as a combination pack and contains the nautical charts in various scales as well as all harbour plans and details for approaches and passages in the waters. In addition, clearance heights for bridges, high-voltage lines and all nautical and navigational information are included. Thanks to the clear structure as a bound atlas, the water sports enthusiast can quickly find approaches, harbours and anchorages and is informed of important navigational details that also appear in the NV Charts app. The chart series impresses with its optimal scales and balanced sheet cuts. This chart set includes 2 oversailers, 10 precinct charts, 48 details, digital charts including the NV Charts app and navigation software. Navigation instructions in English. Update - Update. The chart sets for the German North Sea are published annually in updated editions. Up-to-date nautical charts are the basis of safe navigation. NV Charts offers a monthly update service for its German North Sea charts from April to October. So that you are always "up-to-date". NV Atlas chart format. NV Charts nautical charts are available in an outstandingly practical, handy atlas booklet format and thus offer many advantages over formats from other manufacturers. The nautical chart series have been designed by nautical experts and passionate water sports enthusiasts with the needs of recreational boating in mind. The NV Atlas has a very flat staple binding in the middle, so that the course triangle can also be used there without any problems. This innovative development makes it possible to look up charts quickly and always have them in the best possible order at the same scale. The NV Atlas is delivered in a plastic cover protected against splash water. This modern nautical chart format is very popular on sailing boats as well as on motor yachts and is the preferred choice of many of our customers.
