### NV Atlas Zweden SE 5.2 - Svenska Västkusten Södra - 2025

Number: 5.15.0505

## SPECIFICATIONS

Made in: Germany

HS Code: 49059900

## DESCRIPTION

Available again by the end of June!  
As an extension of the popular series 3, NV Charts is offering series 5.2 on the Swedish west coast. This set of charts takes you from the surfing paradise of Varberg along the west Swedish archipelago to Gothenburg. From there you can drive into the Trollhätte Canal to get into the Göta Canal. Otherwise it goes on the rocky archipelago past Marstrand to Orust, the third largest island in Sweden and on to Smögen. This set of charts ends south of the uninhabited island of Vaderö. This chart series for the archipelago is probably the most detailed set of recreational shipping charts on the market due to the publisher's own measurements and information. In many of the areas of interest for recreational boating, larger scales are used and additional charts are inserted. A harbour pilot with marinas and anchorages is included. Further nautically important information is available there in German and Swedish. This chart set contains 2 Passage Charts / Översiktshort 15 Coastal Charts / Skärgårdshort 9 detailed charts / Specialkort Data and information away from the fairways Publishers own surveys and corrections nv charts app and navigation software Harbour Pilot in paper / digital in German and Swedish Navigation instructions in German/English/Svensk Meets legal requirements for up-to-date paper charts on board NV Atlas chart format NV Charts nautical charts are available in an outstandingly practical, handy atlas booklet format and thus offer many advantages over formats from other manufacturers. The nautical chart series have been designed by nautical experts and passionate water sports enthusiasts with the needs of recreational boating in mind. The NV Atlas has a very flat staple binding in the middle, so that the course triangle can also be used there without any problems. This innovative development makes it possible to look up charts quickly and always have them in the best possible order at the same scale. The NV Atlas is delivered in a plastic cover protected against splash water. This modern nautical chart format is very popular on sailing boats as well as on motor yachts and is the preferred choice of many of our customers.
