HS Code: 49059900

DESCRIPTION

Croatia is internationally very popular for tourists and water sports enthusiasts, this is due, among other things, to its numerous ports, the breathtaking nature and the turquoise-blue water. The south of Croatia in particular impresses with its charming landscape and the varied coastline with small fishing villages, but also pulsating cities such as Split or Dubrovnik. When it comes to berths, there is also something for every taste at the various harbours and anchorages. There are small jetties or luxurious marinas with an all-inclusive package such as Marina Dalmacija on the east coast of the Adriatic in Sukošan or the award-winning Marina Frapa in Rogoznica. The quieter anchorages can be found quickly and easily using symbols on the chart and will make your trip unforgettable. With this combination pack you are optimally equipped for your trip on the Croatian coast! Thanks to the clear structure, the skipper can quickly find approaches, harbours and anchorages and is informed of important navigational details that also appear in the NV Charts app. The chart series impresses with its optimal scales and balanced sheet cuts. This chart set includes Passage Charts Coastal Charts Details Charts Digital charts & navigation programme Paper harbour plans & Digital Navigational Notes in English NV Atlas chart format NV Charts nautical charts are available in an outstandingly practical, handy atlas booklet format and thus offer many advantages over formats from other manufacturers. The nautical chart series have been designed by nautical experts and passionate water sports enthusiasts with the needs of recreational boating in mind. The NV Atlas has a very flat staple binding in the middle, so that the course triangle can also be used there without any problems. This innovative development makes it possible to look up charts quickly and always have them in the best possible order at the same scale. The NV Atlas is delivered in a plastic cover protected against splash water. This modern nautical chart format is very popular on sailing boats as well as on motor yachts and is the preferred choice of many of our customers.
