DESCRIPTION

NV Pilot 2, North Sea - Falmouth to Kristiansand - InvernessThe Pilot 2 from NV Charts is the planning chart that is needed for the North Sea. The west coast of Denmark, the German North Sea and the coast of the Netherlands are covered in this oversailor. The area around the English Channel and the east coast of Great Britain can also be found here.This folding chart consists of three overview charts:Chart 1, scale 1: 750,000> the southwestern North Sea and German Bight from Dover to Helgoland and Doggerbank in the northChart 2, scale 1: 750,000> English Channel from Falmouth / Ushant to Dover in scaleChart 3, scale: 1: 1,255,000> North Sea from Great Yarmouth to Skagen, Inverness and the south coast of Norway.The beacons, oil drilling platforms, traffic separation areas and wind farms that are important for planning the passage are shown on all three charts. The terms are in English. The chart is in A1 format, folded approx. 15 x 30 cm.Our recommendation:For Denmark, Germany, France, Great Britain and the Netherlands we offer detailed atlases in paper and digital. We would be happy to advise you on planning your trip!
