

## ARTICLE

Hydro(Salino)meter/ Refractometer portable 1000-1070

Number: 8.40.0026

## SPECIFICATIONS

Made in: United Kingdom

HS Code: 90258080

## DESCRIPTION

The Exttech RF20 measures the concentration of dissolved salt in fluids. It has a compact size and is easy to operate. Automatic Temperature Compensation (ATC) from 10°C to 30°C. Comes with case, calibration screwdriver, plastic pipette calibration solution, and user guide.

General Specifications

Salinity

0 to 100ppt (10 to 30°C ATC)

Salinity Basic Accuracy

±0.1%

Salinity Max Resolution

1ppt
