Emergency Drinking Water - 0,5 liters (4 x 125 ml)

Number: 3.05.0171

SPECIFICATIONS

Made in: Norway

HS Code: 22019000

DESCRIPTION

Comet Emergency Drinking Water provides superior quality drinking water for emergency survival.

Approved world-wide for use on board lifeboats and liferafts, our emergency drinking water has been manufactured under stringent German hygiene control standards and is globally approved to meet ISO standard 18813:2022 and Directive (EU) 2020/2184.

Description

Comet 500ml (16.9) fl.oz Emergency Drinking Water contains 4 x 124ml (4.227 fl.oz) alu-foil sachets.

Cartons are available as 23 x 500ml (16.9 fl.oz) units with a weight of 11.5 kg(23.35 lb.) net/carton.

The high-quality packaging also includes directions for use in multiple languages. The products meets the updated 2022 ISO standard for a five year shelf life and the flexible packets offer minimum weight and are easy to stow. Product can also be consumed in a frozen condition.

Instructions:

Drink directly from the sachet

Save drinking water, drink maximal 0.5L every 24 hours.

Features:
