Safety harness Kratos Hybrid Airtech 2 premium - size M/L

Number: FA1021801

SPECIFICATIONS

Weight: 2,40 kg

DESCRIPTION

Safety harness Kratos Hybrid Airtech 2 premium - size M/L

Particularly suitable for work on vertical systems (cable or rail).

Attachment points - 1 textile sternal attachment point (A) and 1 dorsal attachment point (A) for fall arrest, a dorsal attachment loop (A) for double retractable fall arresters, 1 ventral attachment point for connecting the fall arrest carriage of a cable or rail system. 2 lateral D-rings for work positioning.

Adaptability - Adjustable shoulders, back, waistband and thigh straps. Fully opening, so you can put it on with your feet on the ground.

Features - Ultra-versatile, lightweight harness. Increased breathability. Its ventral attachment point (A/2) allows connection of a fall arrester in ideal conditions for use when climbing vertical systems. The harness is supplied with a D-shaped multidirectional connector (EN362 Class M) linking the two sternal attachment loops (A/2), ensuring that the fall-arrest system is connected in the main axis of the connector. The thigh straps are fitted with automatic buckles. 4 tool attachment points for attaching karabiners and accessories, 2 tools attachment loops on the belt, 1 attachment point at the back of the belt for work restraint, 2 lanyard holders on the shoulders for storing fall arrest lanyard connectors.

Ergonomics - Ergonomic thigh pad, back pad and waist backrest are extremely comfortable. Textile attachment points on back for reduced weight. Wide range of adjustments. Sit-straps with aluminium adjustment buckles.~

Complies with: EN 361:2002, EN 358:2018, EN 813:2008.

Suitable for users weighing up to 140 kg.

Weight: 2.40 kg

Strap material : Polyester

Buckle material: Aluminium (waist) / Aluminium (shoulders and back)

D-rings material: Polyester (sternal, ventral, dorsal) / Aluminium (sides)

HS Code : 63079098
