DESCRIPTION

Energy absorber Kratos Gravity-S Compact adjustable - 2mtr

Simplify your mobility and adapt your security to your environment with our new Gravity-S adjustable lanyard.

It allows:

- Horizontal progression.

- Its adjustable length, ranging from 0,75 to 2 meters, makes it versatile and secure tool, suitable for various height-related work environment and situations. It provides a flexible solution to meet the specific needs of each task.

Product highlights:

- Adjustable length (0,75 to 2 meters), offering maximum flexibility to adapt to different situations in the workplace.

- Swivels, offering maximum freedom for movement without compromising safety.

- Ultra compact energy absorber, reducing the impact of the fall to less than 6 kN, while guaranteeing optimum protection and minimum space requirement. Protected by a small zipper pouch, it is easily openable for internal control of the energy absorber webbing.

- Fall indicators, providing a visual alert in the event of a fall, for effective preventive maintenance.

- Sharp edge certification, to ensure your safety in a maximum of workplace environments.

- For a user with a weight up to 140 kg max.

Minimum length: 0,75 m

Maximum length: 2 m

Weight: 1,30 kg

Conforms to: EN 355:2002, PPE-R 11.062, PPE-R 11.074
