Energy absorber Kratos Gravity-S Compact - 2x scaffold hook 60mm + ring - 2mtr

Number: FA3082420

SPECIFICATIONS

Measurements: 1400 (l) mm

Weight: 2,03 kg

Made in: France

HS Code: 63079098

DESCRIPTION

Energy absorber Kratos Gravity-S Compact - 2x scaffold hook 60mm + ring - 2mtr

Simplify your mobility with our GRAVITY-S tie-back energy absorbing lanyard.

It allows:

- Horizontal and vertical progression.
- A long lanyard use with its wide-opening connectors (60 mm), and a short lanyard use with the tie-back system, even on very large structures (max. dia. 70 cm).
- Easily pass intermediate points between several anchors.
- Facilitate the work of rescuers in the event of a rescue/evacuation.

Product highlights:

- Tie Back system, offering unrivalled flexibility to adapt to different situations in the workplace.
- Elastic webbing and swivels, offering maximum freedom for movement without compromising safety.
- Ultra compact energy absorber, reducing the impact of the fall to less than 6 kN, while guaranteeing optimum protection and minimum space requirement. Protected by a small zipper pouch, it is easily openable for internal control of the energy absorber webbing.
- Fall indicators, providing a visual alert in the event of a fall, for effective preventive maintenance.
- Sharp edge certification, to ensure your safety in a maximum of workplace environments.
- For a user with a weight up to 140 kg max.

Expanded length: 2 m

Relaxed length: 1.40 to 1.60 m

Weight: 2.03 kg

Conforms to: EN 355:2002, PPE-R 11.062, PPE-R 11.063, PPE-R 11.074
