

## ARTICLE

**Regulator demand flow (stainless steel) - can be used for aut. calibration station**

Number: 4.27.1089

## SPECIFICATIONS

Made in: India

HS Code: 90268020

## DESCRIPTION

Regulator demand flow - suitable for automatic calibration station.

The demand flow regulator measures out the exact amount of calibration gas necessary for your needs. The pump of your detection equipment will automatically open the valve and requires the exact amount of gas requested and eliminates wasted gas usage.
