Viking Firemans trousers XL Dark blue SOLAS / MED

Number: 4.11.0183

SPECIFICATIONS

Made in: China

HS Code: 62114310

DESCRIPTION

Professional-grade fire suit for firefighting on cargo and passenger vessels. The suit features the EMSA recommended classification level 2 for water penetration resistance and is ideal for fire protection in marine environments.

Introducing a higher level of protection to meet the growing challenges of firefighting on board. The VIKING YouSafe™ Torch is a professional-grade fire suit used by professional fire departments for structural firefighting.
