Inland Waterways of France

Number: 6.17.0125

SPECIFICATIONS

Made in: United Kingdom

HS Code: 49011000

DESCRIPTION

The standard guide to the French canals and navigable rivers includes maps and distance tables for each waterway, giving the user a general view of the geography of each waterway as well as a detailed cockpit reference. Now fully revised. The introduction forms a comprehensive general guide to the French waterways, including distances and overall dimensions, formalities, navigation regulations and up-to-date list of hire operations, making Inland Waterways of France not just an unrivalled reference for planning but also an outstanding cruising guide.
