Zoll CPR Stat Padz II AED Electrodes

Number: MEAED-ZOLL-StatPADS

SPECIFICATIONS

Made in: China

HS Code: 90189084

DESCRIPTION

Zoll CPR Stat Padz II AED Electrodes
The CPR Stat Padz II electrodes are designed for use on adults. This electrode set consists of 2 separate pads and can be pre-connected to the Zoll AED before use. This saves precious time during a potential AED deployment.
Suitable for:
•Zoll AED Plus – semi-automatic
•Zoll AED Plus – fully automatic
•Zoll AED Pro
Shelf life: 1.5 to 2 years
The shelf life of the Stat-Padz II is approximately 1.5 to 2 years. You should always keep an unopened, unexpired package of electrodes with your AED.
