3M Half Face Mask 4277

Number: 4.10.0203

SPECIFICATIONS

Made in: France

HS Code: 62114310

DESCRIPTION

The 3M™ reusable half face mask 4000 Series offers effective respiratory protection with integrated filters for easy use. Featuring an enhanced exhalation valve for reduced breathing resistance and a soft, hypoallergenic, silicone-free face seal for optimal comfort. The lightweight design, centrally positioned exhalation valve, and integrated filters make it ideal for protection against various gases, vapors, and particles. An adjustable head harness and easy-to-fasten neck straps ensure a secure fit.

Features:

- EN 405:2001+A1:2009
- Comfortable fit
