21st Century Seamanship - 2nd Edition

Number: 6.63.0409

SPECIFICATIONS

Made in: United Kingdom

HS Code: 49011000

DESCRIPTION

Comprehensively updated, this is the definitive guide for exams, onboard practice and a lasting reference throughout a career at sea. '21st Century Seamanship' blends centuries of proven seafaring tradition with today's realities, from ship handling and stability to regulations, emergency response and evolving environmental standards. Expanded for the modern era, this second edition captures the latest regulatory, technical and safety developments while remaining rooted in timeless seamanship.
