Mounting Kit for SB Rescue Sling

Number: 3.41.0142

SPECIFICATIONS

Made in: United Kingdom

DESCRIPTION

The SB Mounting Kit is a convenient, cost effective and light weight solution to stowing the SB Rescue Sling Man Overboard Recovery Unit neatly and securely.

The frame, handle and telescopic boathook are simply pushed into each clip and removed without strain by pulling away from the clips, the kit contains no mechanical parts which makes it ideal for marine environments, the fixings enclosed are also stainless steel.

Provided as part of the kit is a photoluminescent sign to help locate this vital lifesaving equipment in dark conditions.

Contents:

- 3 x Frame Clips
- 4 x Telescopic Boathook & Handle Clips
- 14 x Stainless Steel 1" Self Tapping Screws
- 1 x Photoluminescent Sign

Small: to hold diameters 20-29 mm (eg the arms of an SB Rescue Sling)

Medium: to hold diameters 30-40 mm (eg the shaft and handles of an SB Rescue Sling)

Manufactured from ABS plastic, PP and TPE plastic, with two pre-drilled fixing-holes
