Guidelines for Collecting Maritime Evidence - Vol. 2 - 2026

Number: 6.75.0006

SPECIFICATIONS

Made in: United Kingdom

HS Code: 49011000

DESCRIPTION

The essential companion to Guidelines for Collecting Maritime Evidence, Volume 1, this second volume focuses on the collection and preservation of electronic evidence from the many systems and equipment onboard ship today.

Expanded to include updates on subjects such as machinery failure, fire damage and cargo deterioration, it will be as relevant to mariners as it will be to ship managers, insurers, average adjusters and legal professionals.
