Gasdetector Survitec Gaspro 5 gas (Co, H2S, CH4, O2, CO2 (pumped) with charger, no cradle, MED/SOLAS

Number: 4.27.2002

SPECIFICATIONS

Measurements: 43 (l) x 130 (w) x 84 (h) mm

Weight: 0,33 kg

Made in: United Kingdom

HS Code: 90271010

DESCRIPTION

Gasdetector Survitec Gaspro 5 gas (Co, H2S, CH4, O2, CO2 (pumped) with charger, no cradle, MED/SOLAS

Your current 4-gas detectors are no longer compliant and inspections won't wait. Turn a regulatory requirement into a simple, scalable upgrade with the Gas-Pro 5, designed to detect CO2 alongside key hazardous gases and ensure full compliance with MSC.581 (110).

Confined space entry remains one of the highest-risk activities at sea. As regulations evolve and inspections intensify, operators need safety processes that are both compliant and practical to deploy. Today's requirements extend beyond traditional gas detection.

SPARE PARTS / COMPLEMENTARY GOODS

4.27.2003 Flow plate for Survitec Gas Pro pumped unit

4.27.2007 Gas pro 30 mtr standard tubing hose
