### Plexiglass wall bracket for AED

Number: MESAMWAND-2

## SPECIFICATIONS

Made in: China

HS Code: 90189084

## DESCRIPTION

This sturdy PSF wall bracket is suitable for the C-series Mindray AEDs, both with and without a carrying bag. The bracket allows the AED to be easily mounted on the wall, ensuring quick access in case of an emergency.

Furthermore, the steel wall bracket is designed for easy installation inside the PSF universal wall cabinet, allowing you to store the Mindray AED neatly and securely inside the cabinet.

Additionally, the wall bracket features an eyelet to seal the AED.
