DATASHEET

ARTICLE

Furosemide 40mg4ml - 10 amp

Number: ME1304ST10

SPECIFICATIONS

HS Code: 30049000

DESCRIPTION

Furosemide is a powerful, quick acting diuretic which causes the body to increase the production of urine. It is used to remove large amounts of fluid that has accumulated in the tissues and lungs (oedema), in emergencies to treat high blood pressure, and to increase the production of urine in kidney failure.
