

## ARTICLE

**Elastic Bandage - 400 x 6cm**

Number: MEI1224ST1

## SPECIFICATIONS

Made in: Netherlands

HS Code: 30059010

## DESCRIPTION

Gauze bandage made of thin, woven fabric material that can be placed over a wound to keep it clean while allowing air to penetrate and promote healing. It can be used to secure a dressing in place, or it can be used directly on a wound. These bandages are the most common type and are available in many sizes. They are good for hard to reach areas that may be difficult to dress.
