The HeartSine Samaritan PAD 350P AED is a semi-automatic AED. It is also a very compact AED, which makes it easy to store and also suitable to take with you on the road, for example at (sports) events. This AED is also suitable for untrained users and meets the strictest quality requirements. The HeartSine Samaritan 350P AED is easy to use and provides clear, very clear instructions for resuscitation.

The AED with the best price/quality ratio;
Compact and lightweight;
The highest water and dust resistance of any AED: IP56;
The lowest costs for replacing batteries and electrodes.
