

## ARTICLE

**Leukopor 5mx2,5cm nr. 2472 - 1 pce**

Number: MESP3.0045ST1

## SPECIFICATIONS

HS Code: 30051000

## DESCRIPTION

Leukopor is a particularly skin-friendly, hypoallergenic and porous adhesive plaster on the basis of a white non-woven polyester / viscose film. Leukopor is well suited for the very sensitive skin and therefore also suitable for babies and the elderly. Leukopor can be painlessly removed from the skin and leaves no sticky residue. Leukopor is easy to tear by hand and is suitable for moving body parts. For fixation of dressings, gauze, electrodes and other measuring instruments, tubes, catheters, probes, etc.
