DESCRIPTION

The HeartSine Samaritan PadPak is a combination of battery & pediatric electrodes and is suitable for the HeartSine Samaritan PAD 300P, 350P, 360P and 500P. This PadPak is especially suitable for use with children (<25 kg). The standard PadPak is suitable for adult patients. For example, this PadPak can be stored in the back of the carrying case of the Samaritan AED. This makes your AED usable for both adults and children.
