AED - HeartSine Samaritan PAD-500P-EN (incl. AED storage system, resuscitation kit and sticker set)

Number: MESAMPAD-500P

SPECIFICATIONS

Measurements: 200 (l) x 184 (w) x 48 (h) mm

Weight: 1,10 kg

Made in: Ireland

HS Code: 90189084

DESCRIPTION

The HeartSine Samaritan PAD 500P AED has a warranty period of 8 years. The battery/electrodes are combined making the device easy to maintain. The HeartSine 500P AED meets the strictest quality requirements.

In addition, the HeartSine 500P defibrillator has a very high water and dust resistance (IP56). This makes it very suitable for, for example, shipping, swimming pools, saunas and other areas with a high humidity level.

The AED distinguishes itself by providing feedback on both the depth and speed of the compressions during CPR.

The SAM 500P operates in compliance with CardioPulmonary Resuscitation (CPR) and Emergency Cardiovascular Care (ECC) guidelines. These were established by the European Resuscitation Council (ERC) and American Heart Association (AHA) in 2010.

The AED comes with:

- Carrier bag
- Safeset (Respiratory mask, foil blanket, scissors, disposable gloves, razor blade, towel)
- Sticker set

Advantages:

- Semi-automatic AED
- Unique CPR feedback
- Very compact AED
- Lowest Cost of Ownership
