Gas filter 3M 6057 - for 3M mask - combi organic/acid ABE1

Number: 4.10.0282

SPECIFICATIONS

Made in: Netherlands

HS Code: 90200000

DESCRIPTION

The 6057 Gas and Vapor Filter protects against organic vapors (ABE1), inorganic vapors and acid gases.

The 6057 Gas and Vapor Filter protects against organic vapors (ABE1). Suitable for the 3M half and full face masks from the 6000 and 7000 Series. Bayonet connection ensures quick and safe attachment of the filters. Filters can be used on all 3M Half Face and Full Face Masks with Bayonet Attachment System.

Thanks to the bayonet mounting, filters can be clicked on quickly and easily.
