Peltor Safety Helmet G3000 with leather sweatband - white

Number: 4.25.0004

SPECIFICATIONS

Made in: Poland

HS Code: 62114310

DESCRIPTION

3M™ Safety Helmet Peltor G3000 Ventilated White

The Peltor safety helmet from 3M™ has been developed for use in agricultural work.

It is a UV-resistant safety helmet made of HDPE plastic with ventilation openings. The safety helmet is equipped with a 3M™ Uvicator that indicates when the helmet needs to be replaced due to excessive exposure to (UV) radiation. The size of the safety helmet can be individually adjusted by means of an easy pinlock adjustment.

Characteristics:

EN 397CE

UV-resistant ABS safety helmet

Including (UV) radiation indicator

Approved for use at -30°C

Equipped with ventilation openings
