SPECIFICATIONS

Measurements: 200 (l) x 184 (w) x 48 (h) mm

Weight: 1,10 kg

Made in: Ireland

HS Code: 90189084

DESCRIPTION

The HeartSine Samaritan PAD 360P AED has been specially developed for use by non-professional rescuers. Partly for this reason, the AED is ideal for offices, public spaces, sports clubs and catering establishments. This is also an excellent AED for trained first responders.

The Samaritan PAD 360P is a fully automatic AED, which means that the shock is delivered automatically without having to press the shock button first. Both adult and pediatric electrodes are available for the Samaritan PAD 360P.

The 360P operates in accordance with the 2010 European Resuscitation Council (ERC) and American Heart Association (AHA) guidelines for CardioPulmonary Resuscitation (CPR) and Emergency Cardiovascular Care (ECC).

Advantages:

- Fully automatic AED
- Lowest maintenance costs
- Automatically delivers shocks
- Light and compact
- Highest IP rating (IP56)
- Lowest cost of ownership
