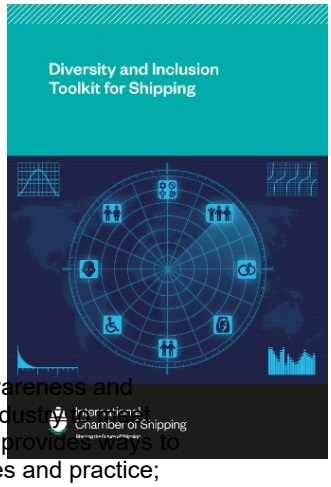
Diversity and Inclusion Toolkit for Shipping

Number: 6.67.9049



SPECIFICATIONS

Made in: United Kingdom

HS Code: 49011000

DESCRIPTION

The ICS Diversity and Inclusion Toolkit for Shipping has been developed to create awareness and inspire change in the strategies, policies and practices that will enable the maritime industry to meet the needs of the diverse seafarer community. It provides descriptions and definitions; provides ways to assess the current needs of diverse communities and identify gaps in services, policies and practice; and makes suggestions on how to fill these gaps.
