Made in: India

HS Code: 70199000

DESCRIPTION

Fire Isolator - Blanket - 9x6mtrs

The Fire Isolator Blanket is the best way to control and isolate car fires for All-Electric Vehicles (EVs) as well as normal cars. The Fire Isolator Fire Blanket will directly assist in containing the flames, smoke and toxic fumes. The blanket is temperature resistant up to 1600 degrees, and is easy to place over the vehicle because of the coloured loops.
