## ARTICLE

### Chemical suit Pflüger - Red - size L - SOLAS/GL approved

Number: 4.10.0108

## SPECIFICATIONS

Made in: Germany

HS Code: 62032280

## DESCRIPTION

Chemical protective suit with SOLAS approval.

Protective clothing against liquid and gaseous chemicals.

This protective suit is compatible with all full-face masks in accordance with EN 136:1998, Class 2 or 3.

When combined with an appropriate respiratory protection system, these masks ensure reliable respiratory protection even under extreme conditions. Masks are not included in the scope of delivery but can be seamlessly integrated into the system and worn underneath the suit.

The suit is also equipped with permanently attached chemical protective boots and high-quality butyl gloves. Both components are securely connected to the suit via a coupling system, ensuring a continuous protective barrier without any weak points. At the same time, boots and gloves remain replaceable if necessary, without compromising the suit's integrity.

### Approvals

Suit: EN 943-1 DNV-GL Type Approval
